

Founded in 2002, O.S. Energy is a privately held specialised offshore service provider providing vital services for projects and Windfarms in both North- and Baltic Seas. O.S. Energy is proud owner of a group owned fleet of six multipurpose survey vessels under Danish, German, Norwegian and UK flag.

We are currently looking for a Master to strengthen our crew onboard our British flagged vessel.

You should be in possession of all relevant certificates acc. to STCW Regulation for service on vessels <500 GT and have several years of experience as Master on oceangoing vessels, ideally in the Offshore industries.

What you offer:

- Flexibility;
- Strong decision making and problem-solving skills.
- A team-oriented, cooperative approach to leading a diverse team onboard.
- A structured approach to work and good communication, both onboard and with the office.
- British passport or working permit;
- Strong interpersonal skills, experience in working with external personnel onboard.
- UK driving license.

What we offer:

- British Contracts;
- The opportunity to shape your work environment to your liking and lead your team onboard.
- Service on a specialised vessel working for Universities, Governments and the Offshore industries in various projects all around the British Isles;
- Versatile assignments and the possibility to take part in providing and developing customised solutions for your vessel in an emerging market;
- Vocational training and the opportunity to collect necessary seagoing time according to STCW regulation.

Could we pique your interest? Please send your current CV and covering letter to our Crewing Department at:

Crewing@os-energy.de
