

We are currently looking to employ a Chief Engineer to strengthen our crews onboard

With a fleet of nine specialised service vessels under Danish, German, British and Norwegian flag, family-owned shipping company O.S. Energy successfully offers various specialised services in all Offshore fields such as maintenance and ecological surveys for more than 20 years.

What you offer:

- A valid Certificate of Competence acc to. STCW [II/2] for service on vessels trading in North- and Baltic seas and high technical understanding in the engine room;
- Flexibility;
- A team-oriented, cooperative approach to leading a diverse team onboard;
- A structured approach to work and good communication skills, both onboard and with the office;
- Fluent English, both spoken and written, Danish skills preferable;
- Interpersonal skills and first experiences in working with external personnel onboard;
- Comfortable use of MS-Office and motivation to use and improve our digital Fleet Management system;
- European drivers license (Class B)

What we offer:

- European contracts (1on/1off) with usual deployment of no more than 4 weeks on end;
- Trading area in North- and Baltic Seas with an experienced crew onboard our specialised service vessels under European flags (German, Danish, Norwegian);
- Competitive wages;
- Paid vocational training and courses;
- A young team and direct contacts onshore;
- Versatile work in Offshore Wind- and Offshore Oil/Gas, direct contact to customers and partners onboard.
- The opportunity to take part in project specific remodeling and newbuilding of equipment together with our team at land and on sea.

Could we pique your interest? Please send your CV and cover letter to our Crewing department at:

Crewing@os-energy.de
