

We are currently looking to employ a Chief Engineer to strengthen our crews onboard our UK flagged vessel.

With a fleet of nine specialised service vessels under Danish, German, British and Norwegian flag, family-owned shipping company O.S. Energy successfully offers various services in all Offshore fields such as maintenance and ecological surveys for more than 20 years.

What you offer:

- A valid Certificate of Competence acc to. STCW [III/2] for service on vessels under UK flag trading in North- and Irish seas;
- High technical understanding in the engine room;
- Flexibility;
- A team-oriented, cooperative approach to leading a diverse team onboard;
- A structured approach to work and good communication skills, both onboard and with the office;
- UK passport or residence permit;
- Interpersonal skills and first experiences in working with external personnel onboard;
- Comfortable use of MS-Office and motivation to use and improve our digital Fleet Management system;
- Tanker experience and certification highly sought after.

What we offer:

- UK contracts (1on/1off) with usual deployment of about 4-6 weeks;
- Trading area in North- and Irish Seas.
- Competitive wages;
- Paid vocational training and courses;
- A young team and direct contacts onshore;
- Versatile work in Offshore Wind- and Offshore Oil/Gas as well as Research and development for Government and Universities, direct contact to customers and partners onboard.
- The opportunity to take part in project specific remodeling and newbuilding of equipment together with our team at land and on sea.

Could we pique your interest? Please send your CV and cover letter to our Crewing department at:

Crewing@os-energy.de
