

Founded in 2002, O.S. Energy is a privately held specialised offshore service provider providing vital services for projects and Windfarms in both North- and Baltic Seas. O.S. Energy is proud owner of a group owned fleet of six multipurpose survey vessels under Danish, German, Norwegian and UK flag.

## **We are currently looking for Engineering Officers to strengthen our crew onboard our UK based and flagged vessel.**

You should be in possession of all relevant certificates acc. to STCW Regulation and ideally have been able to collect valuable experiences onboard in previous assignments.

### **What you offer:**

- Flexibility;
- Teamwork and cooperation;
- A structured, independent approach to work and a problem solving mentality;
- British passport or working permit;
- Manual skills and technical understanding;
- UK driving license.

### **What we offer:**

- British Contracts and a competitive salary;
- The opportunity to shape your work environment and take part in the decision-making processes, both at sea and in the office;
- Service on a specialised NERC accredited survey vessel working for Universities, Governments and the Offshore industries in various projects all around the British Isles;
- Versatile assignments and the possibility to take part in providing and developing customised solutions for vessel and crew in an emerging market;
- Vocational training and the opportunity to collect necessary seagoing time according to STCW regulation.
- Flexible working arrangements, usual deployments of 2 weeks on end.

**Could we pique your interest? Please send your current CV and covering letter to our Crewing Department at:**

**Crewing@os-energy.de**  
**www.os-energy.de**

**We are looking forward to your application!**
